History of the College

History Of The College

The State Normal School in Fitchburg was established in 1894 by an act of the Massachusetts legislature and opened in temporary quarters in the old high school building on Academy Street. Principal John G. Thompson was aided by three teachers, 200 books, and an $11,500 budget for the education of 46 women in a two-year program. In December, 1896, the school moved into its new building and took charge of the Day Street and Highland Avenue city buildings as state schools of observation and practice.

Several years later the Edgerly School was opened on an eight grade model and practice school and in 1910 it became one of the first junior high schools in the United States. The following year a Practical Arts teacher training course for men, the first of its kind in the country, was instituted. The new course assisted in increasing male enrollment.

In 1932, the school was authorized as a four-year college to grant the Bachelor of Science in Education degree and two years later became State Teachers College at Fitchburg. Over the next decades, many departments such as Special Education, Nursing, and Business Administration were added to the existing education departments, and by 1977 Fitchburg State College was offering thirty-one degree programs in the thirteen academic departments to its 3,400 full-time students and 4,600 part-time students. The campus now has 54 acres and 23 buildings.

College Governance

The governing board of the college is the Board of Regents. The fifteen-member board appointed by the Governor has broad powers over all Public Higher Education in the Commonwealth particularly in the areas of educational policy, budget and collective bargaining. A Chancellor and a central office staff, located in Boston, assists the Regents.

In addition to the Board of Regents, each public institution, including Fitchburg State College, is governed by their own eight-member Board of Trustees. The local board is responsible for those policies involving personnel and the general policies of the institution. The Board of Trustees are appointed by the Governor and are invested by legislative mandate with powers separate from the Board of Regents.

In May of 1974 Fitchburg State College entered into its first collective bargaining agreement. Part and parcel of the agreement was a movement toward shared governance and decision-making, thus the beginning of the All College Committee (ACC) as the primary legislative body on campus.

The ACC is composed of five faculty, five administrators, and five students who share equal participation in decision-making, formulation and recommending to the President campus policies. The ACC meets once per month during the academic year with those meetings being open to anyone.

The ACC also has as part of its structure four Standing Committees each composed of faculty, administration and student appointees. The four standing committees are: Academic Policies, Curriculum, Student Affairs and Long Range Planning.

All full-time students enrolled at Fitchburg State College are members of SGA.

The governing body of SGA is the SGA Council composed of the Executive Board, Commuters Board, and representation from each class as well as residence halls. Elections are held every Spring with freshman elections in the Fall. Besides the elected positions on the SGA Council many students are appointed to a variety of standing and ad hoc committees. Participation at any level is welcome and encouraged.

The resident program offers a choice of fifteen (15) or twenty-one (21) meals per week which are purchased on a per semester basis and includes special events such as holiday meals. Daka Food Service handles all functions on campus, everything from "Coffee-ands" to a full course banquet.

The Campus Center Cafeteria is open to the College community and serves daily.

Emergency Loans

The Student Life Office has a program which provides short-term no interest loans for full-time Fitchburg State College students. Loans are available for up to $50 and must be repaid within two months. All requests are handled on an individual basis.

Financial Aid

Fitchburg State College administers and coordinates a variety of financial aid programs. Students should begin application procedures well in advance of the term during which they are seeking assistance and should observe the deadline for the various programs for which they apply. Students interested in specific programs or seeking specific or updated information should consult the Financial Aid Office as early as possible for assistance in their financial aid planning.

Learning Resources Center

The Learning Resources Center (LRC) is located on the third floor of the Hammond Building. The College recognizes that the learning conditions required for each student may be different due to the uniqueness of individual learning styles. Thus, the Learning Resources Center attempts to provide conditions which allow human and non-human resources to develop the maximum capabilities of each learner.

The LRC strives to:

1. Acquire, store, and distribute instructional software including films, computer programs, filmstrips, audio tapes, video tapes, kits and other higher education curriculum materials.
2. Design learning spaces, appropriate to independent study, small group interaction, human and non-human tutoring, and large group activities.
3. Provide assistance to those desiring to strengthen their reading, writing, math, speaking and study skills.
4. Create a research and development capability enabling faculty and students to evaluate instructional stategies and materials, to sharpen teaching behavior, to investigate the teaching/learning process and to develop observation skills.
5. Provide for the needs and demands of the undergraduate skills centers: Housed in the LRC are the Reading Center, Writing Center, Mathematics Center and the Study Skills Center.

The College Library

The Fitchburg State College Library, located in the James J. Hammond Building, provides study table, study carrel, and lounge seating on three levels for 1,350 students. It is a comprehensive information center where source materials are available in a variety of formats. The holdings, which comprise curriculum-related subjects and general student-interest materials, include a circulating book collection of 150,000 volumes; 2022 periodical titles in microfilm and print form; abstract and indexing services; the Resources in Education Collection (ERIC), a comprehensive education library retrieval system on Microfiche; and a large pamphlet file. The Fitchburg State College Library also holds an 8,500 volume reference collection; card catalog access to audio-visual information in 10 formats; a children's literature collection; and a record collection of classical, folk, jazz, popular music, and the spoken word for which stereo headsets may be obtained at the Circulation Desk for the listening stations located throughout the library.

Newman Center

The Newman Center provides the presence of the Church on the Fitchburg State College Campus. Located across from the Sanders Administration Building on Highland Avenue, the Center was designed to be a religious, cultural, and social center for the college community.

Reverend Donald Baker and Sister Katherine McKenna serve as Chaplains to the college community. Both are available to students for counseling and spiritual direction.

Through the efforts of its staff, the Center offers a climate where the students can raise basic questions without fear, a word which is an honest response to the student's individual needs, and a home where he or she can relax in a small informal atmosphere.

Fitchburg State College Off-Campus Housing Office

The Off-Campus Housing Office (OCHO) has two major goals: (1) to assist students, faculty and staff in their search for adequate and affordable housing and (2) to provide housing related educational material, advocacy, and mediation for the student tenant population. These goals are pursued through two areas: Listing and Informational Services and an Education/Mediation program.

Listing and Informational Services

The OCHO listing service consists of an updated list that is published approximately every two weeks. In times of greater demand the list is put out more frequently. The lists include available houses, apartments in houses, apartments in complexes, rooms, and roommates wanted. In addition the OCHO has on file all landlord names and phone numbers who have listed with the office. Within the office there is also a selection of written material relevant to a variety of housing needs in the form of fact sheets, pamphlets and flyers. This material provides commonly requested information relating to:

a. The legal aspects of housing; such as tenant rights and obligations, model leases and eviction proceedings.
b. The purchase and rental of furniture.
c. The location of public transportation, retail establishments and community based programs.
d. Comparison of housing by type and community.

ROTC (ARMY)

This viable program is being made available to Fitchburg students through the establishment of an Extension Center, which will be staffed and operated by personnel from the United States Army ROTC Instructor Group from Worcester Polytechnic Institute in Worcester. What this means for Fitchburg freshmen and sophomores is that you will be able to participate in Army ROTC on campus without any cost or obligation for your freshmen and sophomore years of college.

Student Life Office

The Student Life Office is the primary administrative office for student services, some of which include programs for veterans, handicapped students, judicial systems and new student orientation.

Moreover this office is responsible for seeing to it that students receive personal attention and find solutions or alternatives to non-academic problems.

In a broader sense the Student Life Office is responsible for student development – a continuum of opportunities which challenge and facilitate student growth. We try to ensure an environment which affirms a searching, curious attitude; encourages an atmosphere which discriminates only on the basis of those who are serious about learning; and creates mutually supporting networks of individuals and organizations who believe in the college community as a caring and stimulating place to study and grow.

Health Services

All full-time undergraduate Fitchburg State College students pay a health fee which entitles you to utilize the Student Health Service. Using your student service can save you money and trouble as long as you understand how to use it.

If at any time you have questions about the Health Services, please call **345-2151, Ext. 3216.** We welcome your comments and suggestions at any time.

Walk-in hours, 10:00 a.m. - 12:15 p.m. Monday-Friday, make it possible for you to be seen for immediate problems that can't wait and specific needs such as immunizations, sprains, flu symptoms, sore throats. Many patients can have their problems attended to by the nurse practitioner. You may see the doctor as well if you wish. He is available Monday, Tuesday, and Friday at 8:30 a.m.

The walk-in clinic operates on a first-come, first-served basis. (Emergencies are seen immediately.) The average wait is 15-20 minutes, but at times during the week when the clinic is very busy, the wait may be quite a bit longer. At other times you may be seen immediately.

Emergencies

Health emergencies occurring on campus should be referred immediately to the Health Service if between 8:00 a.m. and 4:30 p.m. or arrangements can be made directly by the student for transportation to the emergency room at Burbank Hospital (after 4:30 p.m.).

Confidentiality

All medical records of students are completely confidential. No information is released to anyone, including college authorities or parents without prior permission of the student.

Eligibility

All students who pay the college health fee are eligible for service during the academic year (from the time of official arrival on campus in September until the end of the spring Final examination period). All undergraduate students are required to pay the health fee. A Fitchburg State College ID is required.

Abortion

If you are pregnant and are considering an abortion, make an appointment for assistance in making the necessary arrangements. It is important that you have an opportunity to discuss your options, thus, do not delay in seeking counseling.

Allergy Treatment

Hours: by appointment or during walk-in hours, 10:00 a.m.-12:15 p.m.

Services: Allergy injections are administered to students who are already under the care of an outside physician. The patient must provide his/her own allergy extracts and detailed instructions from his/her allergist on dosage, frequency, etc.

Birth Control

Contraception is available to any individual who desires it. Counseling and family planning are provided in complete confidentiality. The nurse practitioner will help you evaluate and use the method you select. Remember, this is your decision, therefore, it is wise to make an appointment and discuss the method of choice best suited for you. Birth control pills and the diaphragm are prescription methods. Each require an internal examination and periodic check-ups which are done by appointment only.

Gynecology

Many routine gynecological services are available at the Health Service. All women should have an annual

routine gynecological check-up and pap smear. For acute vaginal irritation or menstrual problems, the nurse practitioner will handle your problem if you make an appointment. If special expertise is required you will then be referred to your own gynecologist or an area gynecologist.

Health Education

Health education is considered an ongoing element in terms of information giving prevention and health maintainance. Pamphlets and other resource information are available from the Health Services office.

Periodic clinics, classes, seminars and discussion groups are offered in a variety of areas such as CPR certification classes, weight reduction groups, hypertension screening clinics and safety related demonstrations. Efforts are made to keep students (and faculty) abreast of new health issues as they arise. Biweekly articles on areas of current concern are being presented in the Rhetoric.

The Health Fair has become an annual event with booths, demonstrations and information of available campus and community health related services. Individual or group discussion sessions can be arranged on health-related subjects as time permits. The Health Services committee welcomes any suggestions for educational offerings.

Immunizations

Hours: by appointment or during walk-in hours, 10:00 a.m. - 12:15 p.m.

Services: Tetanus-Diphtheria immunizations are administered without charge and are needed every 10 years. Other immunizations such as measles and rubella are administered and may be charged to the patient. A record of your previous immunizations will help avoid repetition and delay. A rubella titre to determine susceptiblitiy to rubella can be done on request.

Laboratory Tests and X-Rays

Most tests and x-rays are done by an outside laboratory and local hospital. The exceptions are wet preps, urinalysis, and pregnancy tests which are done at the Health Service without charge. Payment for other tests is the responsibility of the individual student and is not covered by the student health fee. Results of laboratory tests are usually available the next day with the exception of those tests done at the Health Service. These results may be obtained later the same day. Some other tests may require two or more days to process. You may obtain test results by coming to the clinic or by phoning Monday-Friday 8:00 a.m. - 4:30 p.m. or the results will be placed in your campus mailbox. In some cases you will be asked to return to the clinic to review the results with the doctor or nurse practitioner.

Medications

Medications are not usually provided by the clinic and must be obtained at an extra charge to the patient. If a prescription medication is needed, arrangements will be made with your pharmacy (there are several in the area).

Outside Referrals

Referrals are sometimes made to outside physicians and dentists for consultations and treatment of special problems. These outside referrals are not included in the student health fee and are the patient's responsibility to pay for. They are often covered by private health insurance.

Patient Transportation

It remains the responsibility of the individual student to provide his/her transportation to Burbank Emergency Room. If an ambulance is required for transportation in an emergency, the student may ask the Campus Security or residence hall desk worker to phone an ambulance. If this is not practical, the student may contact the ambulance on his own, phone **343-4801.** All charges for ambulance transportation are the students' responsibility.

Pregnancy

Free testing is available. If it has been six weeks since your last menstrual period, limit your fluid intake and bring in the first morning urine specimen. Results will be available later that day. For those showing positive results, the Health Service will assist, upon request, with counsel and advice.

Routine Medical Examinations

A physical exam form is to be completed by an M.D. and submitted to the Health Service by every student upon admission to Fitchburg State College. This is required to provide the Health Service with any significant past history of physical problems and immunizations. The Health Service does not as a general rule give routine physical exams.

TB Testing

A Mantoux skin test should be given every three years and is a requirement for student teaching. A small amount of tuberculin purified protein derivative (mantoux) is injected right below the skin surface. Forty-eight hours later the injection site must be checked by the Student Health Service staff or the test is not completed. Failure to return requires a repeat injection. Tests are available during walk-in hours or by appointment.

Chest x-rays are required for anyone having a previous positive skin test. Appointments can be made for a free chest x-ray with the health service secretary.

Venereal Disease

The Health Service provides routine diagnostic testing and treatment for gonorrhea and syphilis. If you think you may have been exposed to it, make an appointment so the necessary examination can be done and lab tests ordered. Treatment is in strict confidentiality.

Diagnosis and treatment of venereal disease may also

be obtained at the **Burbank VD Clinic**, hours Tuesdays 4:30 p.m. - 7:00 p.m. Phone **345-4311, Ext. 211.** There is no charge for these services.

Mental Health Services

The Counseling and Career Center provides a variety of services for students in personal growth as well as educational career planning. The staff works with students to increase their self-understanding, effectiveness in making decisions, and coping skills. Services of the Center include individual personal counseling, programs/workshops on anxiety management, interpersonal communications, and creating relationships and other developmental areas.

In addition to the two professional counselors there are peer counselors available during scheduled hours in the day and evening. They can be found on the third floor of the Edgerly Building.

A wide range of personal problems are dealt with by the staff in a confidential setting. Questions pertaining to self-confidence, parental pressures, test anxiety, and interpersonal relationships are common and can be discussed with either the professional or peer counselors.

The Counseling and Career Center is located in the Edgerly Building on the third floor. Hours are 8:30 a.m. to 5:00 p.m. weekdays. Appointments can be made by calling **345-2151, Ext. 3151.** Peer counselor consultation is available by calling **Ext. 3151** also.

Counseling services are also available at the North Central Massachusetts Mental Health Center between 9:00 a.m. and 5:00 p.m. weekdays, phone **343-6966.**

Psychological emergencies are also handled at any time by Burbank Hospital Emergency Room, phone **345-4311, Ext. 407.**

Student Health Insurance

It is important for students attending Fitchburg State College to understand the insurance policy available to them. Most students are covered under their parents' policies up to the age of 19 unless an extra premium is paid. Therefore, school insurance should be considered.

The student should not confuse the student health fee with health insurance. A health fee is mandatory and covers only visits to the Health Service on campus. Health insurance, however, is optional and helps to cover hospitalization, diagnostic testing and outside consultations. The student health fee is not insurance.

An inexpensive policy is highly recommended to students who do not already have insurance or are no longer covered by their parents' policy. This policy covers the student for the calendar year September 1 (or from the date of application if after September 1) through August 31. This covers the student both at and away from school. Pamphlets which describe the school policy may be obtained at the Health Service in Miller Hall.

Health Services Committee

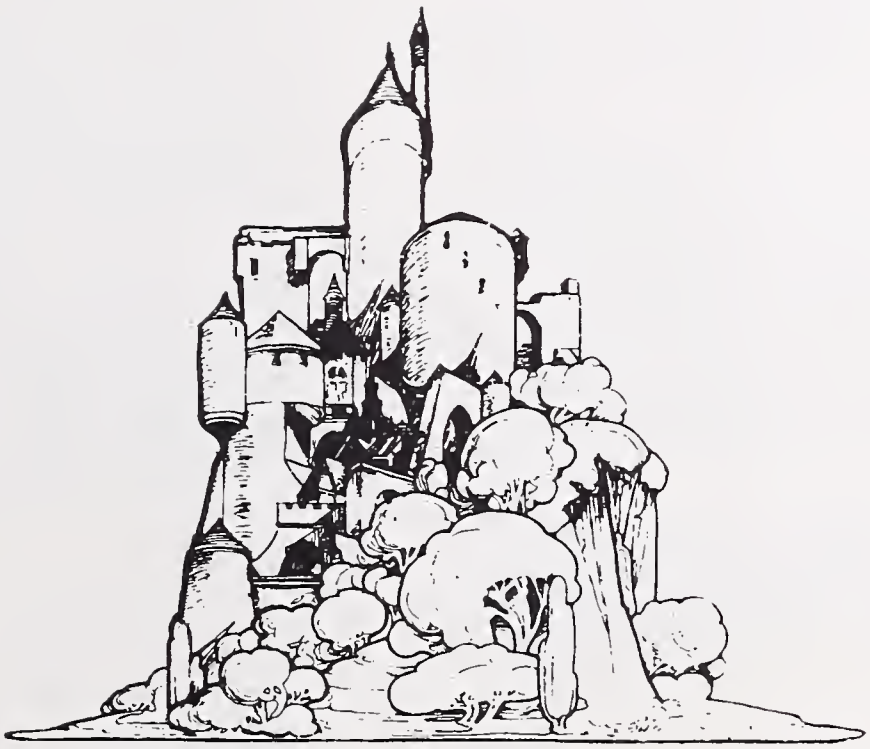
The system is directly accountable to a Health Services Committee which consists of the following eight members: five positions to be held by health care consumers (undergraduate FSC students), one faculty member representative, one administrator, and one health care provider. Members are appointed by the Student Government Association. The purpose of this committee is to:

1. Receive and review requests and recommendations from all segments of the college community.
2. Periodically review the functioning of the system and effectiveness of the health care providers.
3. Collect data concerning utilization of services.
4. Audit peer review.
5. Receive, review, and respond to legitimate consumer complaints.
6. Develop and submit yearly budget for health care services to be approved by the college president (and Board of Trustees).
7. Provide periodic reports to the president of the college together with recommendations for ongoing improvement of the health care delivery system.

If you have any concerns or suggestions, please feel free to share them with the Health Service staff or with a Health Service Committee member (a list of members is available at the Health Service).

If you are interested in becoming a committee member, please notify the Health Service. Meetings are open to all interested students.

Housing



The residence program is an integral part of your College education and there are three important components of campus housing:

1. Buildings - a variety of housing facilities
2. Staff - carefully trained, selected and supervised
3. Programs - educational, social, athletic

Our goal is to assist students in taking advantage of the opportunities offered by each of these three components. Most importantly, we hope to aid all students in developing self-supervision and responsibility. The group living situation offers students the challenge of making, with staff support, responsible decisions about themselves and others. Through mutual consideration we work together to maximize intellectual and personal development.

The following guidelines are provided for cooperative living in the Fitchburg State College housing program. If you have any further questions or suggestions, we hope you will visit us. The Housing Office is located in Aubuchon Hall and is open from 8:30 am to 5:00 pm weekdays.

Assisting You - Our Staff

Resident Assistants are men and women who work with residents to create an optimal environment for all students in residence. Resident Assistants help you in personal, social, and academic matters and are familiar with referral sources both on and off campus. They often help residents resolve conflicts and help students to accomplish goals. The "RA's" work with the Hall Council in planning activities and may plan programs which are of special interest to a floor, suite or apartment.

The Resident Director of your building is a professional staff person and member of the Student Life staff. The Resident Director is available to provide assistance to students with academic, emotional or interpersonal problems. He or she supervises the reception desk and the RA staff, serves as an advisor to the Hall Council and Judicial Board and approves all room changes. The Resident Director works with students who have difficulty living with others or living within stated guidelines. She/he is also helpful in organizing residence hall activities.

You will also meet your area's cleaning person, janitor, and maintenance personnel. The custodial personnel depend upon your cooperation in keeping your floor neat and clean. Please report all maintenance problems to your Resident Assistant. The Housing Office appreciates receiving your feedback concerning custodial services.

Government

In the spring of each year an Executive Board is elected in each residence hall. During the first few weeks of the Fall semester you will take part in elections for floor, suite or apartment representatives, and freshmen representatives. These officers conduct area meetings, survey student opinions and establish many residence hall policies such as sign-in hours. The Councils also request an activities fee be donated to support hall activities and programs. The activities range from all-hall parties to special interest workshops.

Council officers cooperate through H.I.T. *(Housing Investigative Team)* to plan activities for all residence hall students. All members of residence hall Councils are anxious to involve residents and hope to receive your suggestions and feedback.

There are two Housing Judicial Boards which hear most cases of infractions occurring in the residence halls. Members of these boards are selected each fall by a committee which includes representatives from each Hall Council. All interested residents are encouraged to apply to this interview process. The Judicial Board is empowered to impose sanctions which include:

1. Admonition *(verbal warning)*
2. Censure *(written reprimand)*
3. Restitution
4. Service charges and fines
5. Probation
6. Restriction *(denied access to a Hall or section of a Hall)*
7. Suspension of privileges, and negation of or non-renewal of the Housing Occupancy Agreement.

Each resident is guaranteed due process and is notified in advance of a hearing. He or she is present when witnesses describe the alleged incident and may bring witnesses in defense. The Judicial Board decides on responsibility and if found responsible recommends a sanction to the Resident Director of the Hall. If the student wishes to appeal the decision of the Resident Director, they may do so to the Director of Housing within 3 class days. The Judicial Board has the authority to recommend serious cases to the Campus Judicial Board, after they have taken action to the limit of their power.

Rules

Automobiles:

Parking is limited to students who must travel off-campus for academic reasons. If you qualify for a sticker you will pay a 50¢ fee and the security will advise you of legal parking spaces.

Motorbikes and motorcycles must have parking stickers and be parked in designated areas.

Bicycles:

Racks for bicycle storage are available inside Aubuchon Hall and Russell Towers. In no case are you to store bicycles in studies, lobbies, stairwells, corridors or other public areas.

Big Taboos:

Illegal drugs and gambling are prohibited in the residence halls.

Alcohol consumption and open bottles are prohibited in any public areas of Fitchburg. This city ordinance is enforced and may result in a $200 fine.

Residence hall regulations must be in accordance with Massachusetts State Law. Therefore consumption of alcoholic beverages is banned in all public areas of the residence halls - this includes Town House Apartment lounges, suite lounges, floor lobbies, etc. Students and visitors under 20 years of age may not consume alcohol in any area, while those age 20 or older may consume alcoholic beverages in their rooms only. Students 20 years of age or older are reminded that it is illegal to serve alcohol to anyone under the age of 20. These regulations will be strictly enforced by the Housing Staff. Students and their visitors are required to show identification when requested by any Fitchburg State College staff member.

Closing Hours:

Each hall is locked at 12 midnight. Residents may gain entrance with their keys. Residents are asked to be conscientious in closing all doors tightly upon entrance and to refrain from admitting unescorted visitors.

Guests:

Procedures for signing in guests vary from hall to hall. All presently have 24-hour visiting hours and these hours are voted upon yearly by the residents of each hall. All residents and their guests must carry identification and comply with the sign-in procedures of the individual residence halls.

Hall Personnel Room Access:

College housing personnel may enter students' rooms at any time for health and safety related emergencies and will enter rooms upon reasonable notice during non-vacation periods in order to make routine maintenance repairs and safety checks. Regular room inspections will be conducted upon the closing of the residence halls for vacation periods for health and safety reasons by the residence hall staff.

Parties:

All parties must be registered with the Resident Director through forms provided by the Resident Assistant. The forms require that individuals take responsibility for monitoring the party and cleaning up. Damage, rule infringements and failure to clean up will be charged to those who signed the form. Parties are banned Sunday through Thursday nights unless special permission is granted. Parties must be limited in size to concur with fire regulations. Alcohol may be served only when special permission is given by the Housing Office and proof of age shown by all guests. Kegs are not allowed.

Pets:

No pets are permitted in the halls. Experience has demonstrated that pets cause cleanup problems, create noise, introduce odors, aggravate allergies, and sometimes constitute disturbances of serious proportions to health and sanitary conditions.

Quiet Hours:

Quiet hours have been established to protect the right of all students to study and sleep in their residence hall without undue disturbance. Quiet hours generally begin at 9:00 pm weekdays and 11:00 pm on weekends but may vary from hall to hall. During final exam weeks the Hall Council will set more stringent quiet hours - generally 24 hours. In addition, you are asked at all times to be considerate of the rights of other students. Specifically, you are asked to observe quiet hours by:

1. Keeping your stereo down so as not to bother others.
2. Keeping your door closed when entertaining guests, watching TV, or playing music.
3. Refraining from shouting in the halls or out windows.
4. Each student has the responsibility to ask another to close the door, be quiet, turn down the stereo, etc., if he or she is bothered.

TV's/Stereos:

Your stereo or TV may provide a welcome study break, although there are TV sets provided in public areas of all the halls. No antenna hookups are provided, except in Herlihy Hall and the Town House Complex. Splicing into the hall antenna is prohibited.

Whether you are watching a favorite program or listening to music, you are reminded to respect the rights and privileges of your roommate and other students on your floor. It is very hard to think, study or sleep when Supertramp is rattling the windows in the next room. Please be aware of the Stereo Noise Policy.

Stereo Noise Policy:

Fitchburg State College supports the right of the members of its community to live and work in an atmosphere conducive to educational pursuits. One important element of this atmosphere is a minimal level of noise, particularly from stereos. Each resident has the responsibility to use her or his stereo in such a way as not to disturb other residents or neighboring buildings. Furthermore, if a resident believes that there is excessive stereo noise coming from one part of a building, that resident is expected to take the initiative in requesting in a polite way that the noise be alleviated.

Fitchburg State College has established the following policy for its resident staff regarding abuse of the stereo privilege:

1. RA's, Resident Directors and other Student Life staff members have the authority to give verbal warnings to students who, in their judgment, are playing their stereos too loud in disregard of the rights of others. An informal record of these warnings will be kept.
2. After one verbal warning the student is to be referred to the Resident Director who will take appropriate action. Upon referral, the Resident Director must warn the student that any further abuse of his or her stereo privilege will result in the loss of the privilege. However, the Resident Director may exercise the following options, depending on the facts presented:
   A. The Resident Director may refer the case to the Residence Hall Judicial Board.
   B. The Resident Director may recommend that the student be removed from the residence halls immediately.
   C. The Resident Director may recommend that the student's stereo privilege be revoked, and the stereo confiscated until the student arranges for removal by a specified date.
   D. The Resident Director may recommend that the student not be returned to the residence halls for the following year.
3. Upon recommendation of the Resident Director or Judicial Board, the Housing Office will take appropriate action.

Weapons:

The possession or use of firearms, ammunition or lethal weapons which could inflict bodily harm is strictly prohibited in the residence halls and is a violation of city and state law.

Fire Drill Procedures

Your cooperation in following the procedures listed below may be important in saving your life or the lives of other residents of the hall if a fire or similar disaster should occur. It is the responsibility of every resident to be familiar with these procedures and observe them fully when the alarm sounds. Remember, you have no way of knowing why the fire alarm is sounding.

1. Close windows and open drapes.
2. Leave the lights on.
3. Wear a coat or blanket and hard-soled shoes.
4. Carry a towel *(to place over face in case of smoke).*
5. Leave room and close door.
6. Go, without talking, to your exit in single file. Walk swiftly, do not run or push.
7. If you are not in your room, go to the nearest exit.
8. Assemble outside in the place assigned your suite/floor. Report your presence to the Fire Marshall.
9. Do not return to the hall until a signal is given.

Fire Safety Equipment

Each residence hall has a fire alarm system directly connected to the Fitchburg Fire Department. Fire hoses, heat and smoke detectors, fire extinguishers, alarms and exit signs are present. Fire safety procedures and exit routes are posted in each hall. Fire drills are held on a monthly basis.

Tampering with fire safety equipment or setting a false alarm are serious offenses punishable by suspension from the residence halls. Fire doors in halls and stairwells must remain closed at all times.

Floor, Suite, Apartment

Greetings:

On arriving at your hall, you will be issued your room key and your copy of your signed occupancy agreement. The Resident Assistant for your section and the students in your section will be happy to help you settle into your new room.

Many of your closest friendships will begin with the people on your floor or in your suite or apartment. These are the places to express your concerns, ideas, opinions and attitudes and to learn the values and attitudes of others.

Inner Space:

Life in a residence hall includes learning to live effectively with a large number of other people. To achieve this goal, one must be aware of and respect another's rights. One of these rights is the right to privacy. You must be especially considerate of your roommate. For example, when entertaining, you are responsible for your guests' actions while they are in your residence hall. You and your roommate should come to some agreement regarding guests at the beginning of the semester.

Keys:

Each resident receives a key when they check into the residence hall. She/he assumes responsibility for this key until she/he checks out of the hall. These keys may not be duplicated. If you lose your key, report this to the Resident Director as soon as possible. The cost of replacing your key will be deducted from your dorm deposit. If you are locked out of your room, contact the Resident Assistant on duty.

Layout:

Residence halls vary greatly in size and design. Each area *(floor, suite, apartment)* has a lounge and kitchenette. Each hall has study rooms, recreation areas and kitchens. Hall televisions are available in all buildings except the Town House Complex.

There are lounges and recreation areas available which groups may reserve through the Hall Councils. Students planning large parties are encouraged to reserve these areas to avoid disturbing other students.

Lounges:

Lounges are for the use of all residents and their guests. Removing any furniture from a lounge or room to another area in the Hall, or removing any furniture from the building is strictly forbidden. Violation of this policy will result in student damage workers or maintenance personnel removing the unauthorized item from your room and returning it to the appropriate area. A service fee will be assessed and repeated incidents may result in further action.

Wash/Dry:

Coin-operated washers and dryers are available in the Town House Complex, Russell Towers and Herlihy Hall. Aubuchon has a washer and dryer on each floor. They are not pay machines but each resident donates $10.00 per year for their maintenance. If you lose your money in the machines or find them inoperable, please report this to the reception desk or RA so the problem may be corrected. ● *All facilities are for resident students only and non-residents found using hall laundry facilities will be subject to a fine. Commuter students may use the laundry facilities in Miller Hall.*

Your Personal Stuff:

Your personal belongings are naturally very important to you - to integrate them into the residence hall to create an environment you feel is "home." Also realize your belongings may affect your roommate and neighbors, so some limitations are necessary.

Your Room

Cleanliness:

You are responsible for keeping your own room clean. Vacuum cleaners, mops and brooms are available for your use. Maintenance personnel will clean the public areas of the residence halls. Painting is allowed in some areas of the residence halls, upon approval of the Housing Office. The Hall Council of each building will have information regarding painting.

Damages:

The Resident Assistant for your section will give you a room inventory sheet for your room when you move in. You have the opportunity to add any damages or comment on the condition of the room before this sheet is filed with the Housing Office. There will be regular inspections made of rooms by the Resident Assistants. When you move out of your room, it will be checked by you and the Resident Assistant and compared to the conditions listed on the inventory sheet. All residents must make an appointment with their RA in order to complete the inventory sheet before moving out of the residence halls. Any student failing to do so will lose the right to appeal any of the damage charges. Damages, if any, will be reported and the amount will be deducted from your deposit return. Public areas will be assessed in a similar manner and persons responsible for damage in these areas will be charged. It is in your best interest to report any incidents involving damage to a Resident Assistant.

Whenever there is a maintenance problem or damage done in your room, report it to the Resident Assistant as soon as possible.

Furnishings:

Each room will be furnished with a bed, mattress, study desk and chair, book shelves, closet and bureau for each occupant. Shades are furnished but you may bring your own curtains. College furniture may not be removed from the room to make space for your belongings.

Beds in Russell Towers and the Town House Complex may be used as bunk beds. This is not possible in Aubuchon or Herlihy Halls. Waterbeds are not allowed in any residence hall.

Remember, you have a roommate who will also be bringing in personal items so don't overload. You and your roommate will need to determine ground rules for what is "yours," "mine" or "ours," and respect each other's property.

Room Change:

Normally, room changes are not allowed until after three weeks into each new semester. After this time, if you desire a room change, you should see your Resident Assistant to fill out the necessary forms. Should your roommate move out of your room, see your Resident Assistant.

ADVICE FROM SHERLOCK HOLMES: Certain precautions should be taken concerning the security of your property. We suggest:

1. Make a list of all your personal property including identifying serial numbers and manufacturer.
2. Record numbers of all credit cards and checking accounts. Also, keep the addresses of these companies and banks to notify them if your cards are stolen or lost.
3. Keep money and valuables in a secure place.
4. Be alert to strangers or solicitors in non-public areas of living units and report their presence to the hall office or staff member.
5. Keep your room locked when unoccupied or when sleeping at night.

In the event that you are a victim of a theft, notify Campus Security RA and Resident Director. Campus Security may be reached in an emergency by calling 345-2151, ext. 3111.

The Food

The residents on campus dine in the Holmes Dining Commons between Herlihy Hall and Russell Towers. Meals are served from two service areas which include a Salad Bar, Deli-Bar, and Dessert Bar. The dining hall seats approximately 600 students. The food service staff provides a special service of sweets and cakes, along with other party and cookout supplies to help students with their various special functions on campus. Parents and friends are always welcome to join students in the dining hall.

Meals/Menus:

There are two types of meal plans for resident students. There is the five-day plan which includes breakfast, lunch and dinner Monday through Friday, and the seven-day plan which includes breakfast, lunch and dinner for the full week. "Special Event" dinners are served with the menu following a national or festive theme: for example, Christmas, Thanksgiving, etc. If you have any suggestions about the food or service contact your Food Committee representative or the food service staff.

The menus are carefully planned for an interesting variety. The highest quality products are obtained at the most economical prices.

Seconds are available on most menu items. Only fresh fruit and cones may be carried out when self-service ice cream machines are operational.

Class Conflict/Sick Trays/Special Diets:

If you are involved with Student Teaching or a class conflict please make arrangements with the food service staff for either a sack lunch or an early or late meal.

Sick trays may be obtained by presenting a sick tray slip which has been signed by your Resident Assistant along with your College ID card.

There are members of the Food Service Staff who help with the planning and preparation of special diets for students who are vegetarians or who have health problems affecting their diet.

Meal Tickets:

Each semester you will receive a meal ticket number that is placed on your College ID. You must present your College ID card to be admitted to the dining hall for each meal. If you should lose your College ID, a temporary ID can be obtained from your Resident Assistant. When you replace your ID card, there is a $2.00 fee.

Use of Holmes Dining Commons for Special Events

A. All requests by student organizations for the use of Holmes Dining Commons for activities must be initiated with the Campus Center Office. Appropriate clearances must be obtained from the cafeteria management (and applicable cleaning deposits paid) and from the Campus Security. Arrangements for cleanup, security, serving of non-alcoholic beverages must be made.

B. If the event is one at which beer will be sold, once the above procedure has been completed, the organization must inform the Student Life Office of its plans and intentions prior to approaching the Fitchburg Licensing Commission.

C. A one-day license for sale of beer then needs to be obtained from the Fitchburg Licensing Commission, City Hall, 718 Main Street, Fitchburg, MA, 342-1817. It is the responsibility of the sponsoring organizations to initiate requests for these licenses, and these requests should be made in writing at least a month in advance of the requested date of the event. The License Commission has complete discretion and authority in granting or refusing a license on a given date.

D. It is the policy of the License Commission to grant no more than two (2) one-day licenses per month for such functions at the College.

E. The Student Life Office acts as a liaison with the Fitchburg Licensing Commission in the granting of the licenses. It is the usual practice of the Licensing Commission to check with the Student Life Office prior to consideration of a license request to make sure that the Student Life Office is aware of the plans for the event, that proper procedures have been followed by the requesting organization, and that the Student Life Office has given permission for the event to take place.

F. Because of the large number of requests for events of this kind, the Student Life Office has established the following criteria for granting of requests for such events as of September 1, 1978.

1. All requests for events in a given month must be submitted by the first of the preceding month. For example, a request for an event on November 10th must be submitted by October 1st. The procedures outlined in numbers A-C above must have been followed.
2. After the first of each month, the Student Life Office will support requests for events submitted for the following month from organizations with the following priorities.
   a. SGA Programs Committee
   b. Residence Halls
   c. SGA recognized and funded organizations alone or in combination with each other
   d. SGA recognized and funded organizations in combination with SGA rcognized organizations
3. As between groups of equal priority, the date of submission of the request will determine priority, with the exception that no group except the SGA Programs Committee may sponsor more than one program per year alone or in combination with any other group, unless there are no other requests for use of Holmes for a given month.

G. Beginning spring semester 1979, the only nights available for the use of Holmes Dining Commons for groups other than the SGA Programs Committee is Saturday.

H. In addition to the Campus Center Pub being closed on evenings when Holmes Dining Commons has an event which serves alcohol; Holmes Dining Commons will not be available for a special event which serves alcohol on nights when entertainment is scheduled in the Campus Center Pub.

Dining Room Behavior

The college is lucky to have spacious facilities and a good food program to serve its many resident and commuting students, faculty, staff and guests. A pleasant dining atmosphere not only reflects a civilized community, it also respects the needs of others to enjoy a few moments of quiet or conversation during a busy day. The student food committees welcome suggestions on everything from food quality to atmosphere to help you make our food service responsive to our many needs.

The following policy has been established to ensure a pleasant dining atmosphere:

A. If there are grievances of any kind about the food service in any of its locations, contact one of the following:
   1. Food Service Manager, Holmes Dining Commons, Ext. 3207.
   2. Any member of the student food committees (names available from either of the above, Vice President for Student Services or Vice President for Administration). The food committees meet regularly and will discuss all concerns from nutrition to noise.

B. If the grievances seem unattended, contact Mr. John Boursy, Vice President for Administration or Dr. Bill Donohue, Vice President for Student Services.

C. In the event of unruly behavior in the dining areas such as loud or prolonged disturbances; throwing of food; verbal harassment of food service staff or other members of the college community or its guests, the manager or supervisor has the right to ask anyone to leave the premises. Failure to comply will result in disciplinary action, and the permanent revocation of the right to eat in the dining areas with no refund of any monies paid after the normal refund period.

D. Slipping someone into the dining areas to consume food or the misuse and misrepresentation of an identification card is an offense subject to campus judicial board action.

E. Less severe problems such as chronic disregard of requests to return trays, clean tables on departure, respect furniture or other diners may be handled differently.
   1. A request to stop the offensive behavior is customary and expected from the offended party. It's also courteous, given the pressures of college life and each individual's needs to let off steam, express himself or herself, or simply to make others aware of his or her indiscretions. All college staff and students have the right and duty to respond to offensive behavior.
   2. Should a request by any member of the college community go unheeded, the food service supervisor should be contacted; and after introducing him/herself and sitting down with those involved to explain the need for cooperation, should give a verbal warning, and may provide the offender with a copy of this policy or ask to see the student's identification card.
   3. If the warning is not reasonably responded to, the supervisor has the following choices:
      a. Repeat the warning.
      b. Ask the people to leave the dining area (see C above) and initiate judicial action through the Student Life Office or the Student Judicial Board.

F. Any abuse of this policy or disregard for a request to leave the dining area may result in the calling of Campus Security

Past-Due Student Accounts

Any indebtedness to the College which becomes past due, immediately jeopardizes the student's enrollment and no such student shall be permitted to graduate or register for a subsequent semester or summer school term. Further, any student who fails to pay all indebtedness to the College may not be issued diplomas, degrees, or other official statements, unless otherwise mandated by law.

Due dates are posted annually by the Chief Fiscal Officer.

Animals on Campus

Due to health and safety considerations, no animals can be allowed on campus or in campus buildings at any time. Obvious exceptions would be seeing-eye dogs and laboratory animals.

Confidentiality of Student Records

This is a summary of the **Massachusetts State College System Guidelines Pertaining to Confidentiality of Student Records.** Copies of the Guidelines are available for study at the library and at offices where records are kept.

Education records

include "records, files, documents and other materials which...contain information directly related to a student" and are maintained by an educational agency or institution. The following are excluded: personal files of faculty and administrators; law enforcement records; medical, psychiatric, or psychological records and, employment records of non-student personnel.

Directory Information

"includes a student's name, address, telephone listing, date and place of birth, school or college, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency institution attended by the student."

The College will release directory information upon request unless the student involved requests in writing that it be suppressed. Such request must be made annually no later than October 1st or for second semester entrants, February 1st, at the Student Life Office.

Access Rights of Students:

Students may have access to records other than those pertaining to parental financial information and those containing confidential evaluations and recommendations written prior to January 1, 1975. When a waiver has been employed, the student may, upon request, be notified of the names of those who have submitted evaluations or recommendations.

The request form must be completed, and a photostat together with the identification card presented to the office where the record is kept. Only the permanent card (transcript) is considered as a "permanent educational record." Other records may be destroyed in accordance with established schedules. Students may challenge contents of a record. The keeper of said record will discuss the challenge and indicate steps available to the student. The correctness of an assigned grade is not open to challenge but the accuracy of its recording is.

Types and Locations of Records:

The following listing denotes types of records and the record keeping office in the daytime session of the College. Students in other sessions of the College should consult with the offices of those Divisions to determine their record-keeping locations.

They may also be examined at the offices of the Vice Presidents of the College and of the F.I.P.A. Included in these regulations are the following sections intended to implement this law.

I. Intent

Students should note that if any of these regulations should conflict with applicable provisions of the federal Family Education Rights and Privacy Act of 1974, as amended, or of any regulations promulgated pursuant to said act, the provisions of said federal act or federal regulations shall control.

Massachusetts Trespass Act

Fitchburg State College is governed by the Massachusetts Trespass Act, enacted June 2, 1969.

Trespassing Upon the Land of Certain Institutions

Whoever willfully trespasses upon land or premises belonging to the Commonwealth, or to any authority established by the general court for purposes incidental to higher education...after notice from an officer of any of said institutions to leave said land, remains thereon, shall be punished by a fine of not more than $50 or by imprisonment for not more than three months.

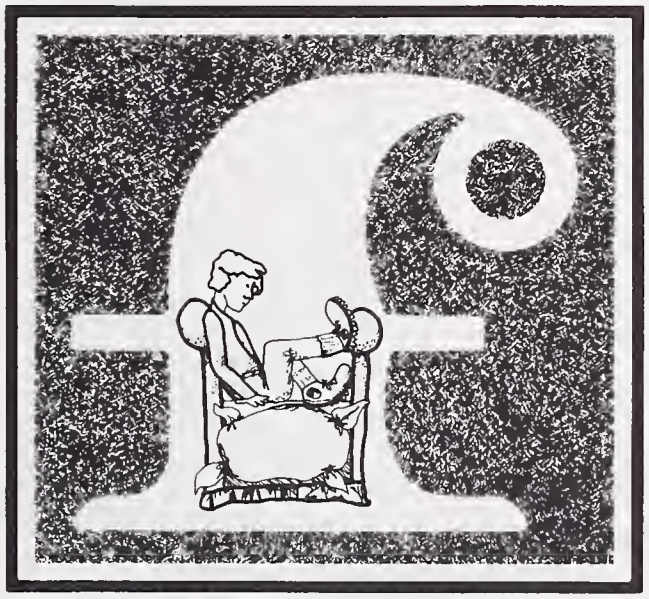
Any person convicted of violating this ordinance shall be punished by a fine not exceeding two hundred ($200.00) dollars for each offense.

Academic Policies/Procedures



Academic Honesty

Academic honesty involves the kind of responsibility and ethical standards which one should expect in a professional person.

Any instance in which a person passes in another's work as his own is dishonesty. This includes plagiarism as well as other forms of copying. Direct quotations from any sources in a report must be placed in quotation marks and properly documented.

Students are likewise responsible for preventing copying. A student who provides the opportunity for someone to copy or loans his/her paper to someone is not maintaining standards and will also be subject to disciplinary action.

Attendance Regulations

In the absence of a departmental policy, requirements regarding student attendance at classes will be determined by each faculty member and so announced to the students at the beginning of each course and stated in the course syllabus.

Class attendance is a matter for instructor and student to consider. It is the prerogative of the instructor to place a value on class attendance and it is the instructor's duty to inform students of these views early in the semester and to state the policy in the course syllabus. Students will not be dropped from class on basis of absences.

It is the responsibility of each instructor to maintain a record of attendance for students in classes. Should the need arise for verification of a student's attendance, direct reference will be made to the faculty member involved.

Where validation of an absence is available through any source, it is recommended that the student show the validation to all instructors concerned and then place it on file in the Registrar's Office or the Student Life Office.

It is the responsibility of each student to consult with his/her professors prior to an absence or immediately upon his/her return.

Auditing Courses

Students are permitted to audit courses, but must have the approval of the instructor. A record of audited courses does not appear on the student's official transcript.

Change of Class Schedules

During the first and second week of each semester students are allowed to change their schedule of classes through the use of an Add/Drop form and with appropriate approval. A student must have the approval of the course instructor in order to add or drop a course during this period and must have the approval of the Dean of Undergraduate Studies and the academic advisor if this change in schedule results in less than 12 or more than 18 S.H. of course work. Add/Drop forms are available from the Office of the Registrar.

Change of Major

Any student who desires to change his major course of study should obtain the appropriate form from the Office of the Registrar and secure the signatures of the chairmen of both the department to be entered and the department being left.

Department chairmen will offer advice and assistance and will assign the student a new academic advisor. A student must then satisfy the requirements of the new major program according to the catalog of the year of the matriculation.

Withdrawal From A Course

Students may withdraw from a course during the first two weeks of the semester without penalty by notifying the instructor and the Registrar, using the Add/Drop form obtainable from the Registrar's Office. Between the end of the second and the end of the eighth week of classes, students may withdraw by obtaining the permission of the instructor and faculty advisor. Students who withdraw during this period will receive a grade of "W." Any student who fails to follow these procedures will automatically receive an "F" (grade "0") for the course. A student who withdraws from a course after the eighth week of a semester will be assigned an "F" grade unless extenuating circumstances warrant further consideration.

Withdrawal From The College

Students contemplating withdrawal from the college should discuss their plans with a representative from either the Counseling & Career Center, the A.I.D. Office, Dean of Undergraduate Studies or Associate Dean of Students.

Information and assistance about withdrawal and withdrawal forms may be obtained from any of these offices. Properly completed withdrawal will help expedite a return to the college at a later date.

Students who withdraw within the first eight weeks of the semester will receive a "W" in each of their courses. Students who leave the College during a semester and do not "Officially Withdraw" will receive "F" grades in all their courses. Students who leave the College after the first eight weeks will receive "F" grades in all their courses.

Return After Withdrawal

A student who withdraws from the College in good standing without completing his baccalaureate studies may return to the College upon request to the Registrar. To insure his return at the time desired, the student should make such a request to the Registrar before May 1 for the Fall semester or before December 1 for the Spring semester.

In determining "good standing" the College will consider academic and social records (College Judicial Board) as well as financial records of the applicant student.

Full Time Student

A student is considered to be full-time at the College provided that he or she is registered for a minimum of 12 semester hours of course work. If a student must temporarily drop to part-time status due to extenuating personal circumstances and if he registers for less than 12 semester hours of course work, the status of his housing, financial aid, athletic eligibility, health insurance, and eligibility for the Dean's List are jeopardized. Subsequently, this student must take additional courses during the summer or through a course overload if he wishes to graduate on schedule with his class.

Any student who wishes to be considered for varsity competition must be a full-time student who has been admitted by the Director of Admissions and is accounted for by the College Registrar. Students who register through the Division of Continuing Education are not regarded as regular full-time students of the College.

Style Manual

The Modern Language Style Manual for writing is the official style manual for Fitchburg State College unless modified by individual departments for needs particular to their discipline.

Grading System

The grades given academic work at Fitchburg State College run from 0 through 4 with .5 intervals from 1 to 4 (0, 1, 1.5, 2.0, 2.5, 3.0., 3.5, 4.0). Zero indicates academic failure for a course, 1.0 or 1.5 is poor but passing, 2.0 or 2.5 is average, 3.0 or 3.5 is good and 4.0 is excellent. Quality points are determined by the following process: The number of semester hours in each course is first multiplied by the grade. Thus a student who takes five, three semester hour courses and receives two grades of 3 (18), two grades of 2 (12) and a grade of 1.5 (4.5) has a total of 34.5 points to be divided by the total of semester hours attempted (15) and attains a quality point average of 2.3 for the semester. An average of 3.2 or better qualifies a student for the Dean's List.

IN is recorded for incomplete, W for withdrawal, and CR for credit. Only grades earned in courses at Fitchburg State College are used in determining the cumulative average.

Incomplete Grades

The grade of Incomplete (IN) may be given only if at least 80% of the course work has been completed at the time of discontinuance due to illness or similar disability. Incomplete grades must be made up within four weeks after the opening of the semester following that in which the student received the IN grade. The "IN" becomes an "F" grade if the student fails to make up the work within the prescribed time limit. Incomplete grades do not affect a student's dismissal or retention by the college.

Make-up Of Failing Grades

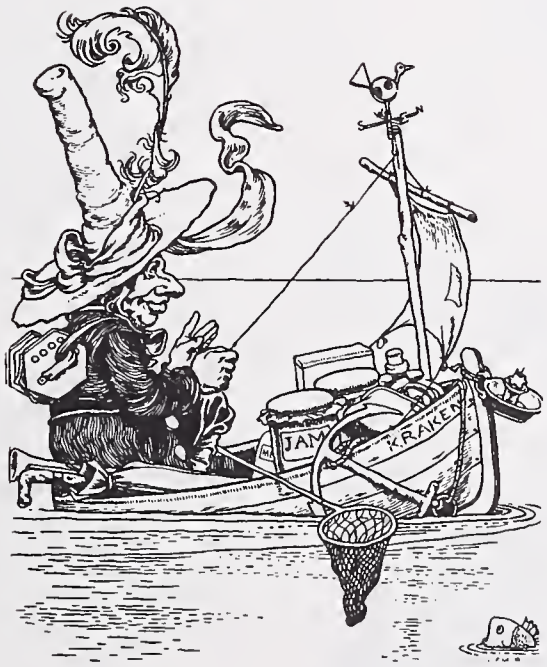
If a student fails a course, his grade for that course is zero. It will be crossed out when the course is retaken and passed. In this manner a student may raise his/her cumulative average. A student may not retake a course in which a grade of "D" was given and have a second grade counted in his average.

Good Academic Standing

A student is in good academic standing if by the end of both the first semester of the freshman year and through the first semester of the sophomore year the student has obtained a cumulative academic average of 1.75 and maintains a 2.00 cumulative average thereafter. A student who is not in good academic standing is either on academic probation or dismissed from the college.

A student must have an overall cumulative average of 2.00 for graduation, as well as an average of 2.00 in his major courses.

Tenant Information



The Lease

The lease is a binding, enforceable, legal agreement, which should not be taken lightly. Before signing it, read the lease carefully and make sure you understand it completely. Any changes the landlord agrees to must be put in writing with his signature in order that the document be legally binding.

Although the lease is a legal document, some landlords may include illegal provisions, which are unenforceable. Such provisions usually release the landlord from some of his obligations to the tenant. Legal advice should be sought if you are unsure about any of the terms in the lease. Any illegal provisions do not invalidate the remaining portions of the lease.

Each tenant is entitled to a signed copy of the lease. If you are not given a copy at the time of the signing, the landlord is required to send you one within 30 days. Failure of the landlord to do so does not invalidate the lease, but you may not be bound by all of its provisions.

The minimum requirements for a lease are the period of tenancy, clearly stated with specific dates, the amount of rent to be charged and when it is due.

To Lease or Not To Lease

Generally speaking, once a lease is signed the tenant is responsible for paying the rent every month for the duration of the lease, whether or not the tenant lives there. For example, if you have a lease for September through May and decide to leave school in January, you are still responsible for paying the rent through May. A lease, however, prevents the landlord from raising the rent for the duration of the lease.

A tenant who occupies the apartment with the landlord's permission, but without a written lease, is called a "tenant at will". The advantage of not having a lease is that the tenant may move out at any time. The disadvantage is that the landlord can ask you to leave at any time. The tenant and landlord must agree to any change in the terms of the tenancy. Any disagreement may end in either the tenant or the landlord ending the tenancy by giving the other a 30 day written notice. For example, if as a tenant at will you wish to move out by June 1st you must deliver to your landlord a written notice of your intention to do so no later than April 30th of that year. The landlord is held to the same requirements if he wishes to end your tenancy.

Rent

Having a lease means that the landlord cannot raise the rent for the duration of the lease. Some landlords include a penalty payment clause in the lease stating that you must pay an additional fee if the rent is not paid by the fifth of the month. This is illegal since extra fees cannot be charged unless the rent is 30 days late. A provision offering a discount on the rent, if it is paid by the fifth of the month, may also be illegal and you should seek legal advice if you would like to make your discount rent your regular rent.

There may also be a tax collector clause in the lease. This raises the rent by an exact percentage of the tax increase and must be proportional to the size of your apartment in relation to the whole building.

Even though you have a lease and will be staying in an apartment for at least a year, it is a bad idea to pay the year's rent in advance. Paying the landlord his rent every month gives you some leverage in having repairs made. The landlord may exercise the right to keep the rent if you leave before the lease is up, unless the apartment has become unfit to occupy. Unfitness can only be determined by the inspection of the apartment by a city health official. Therefore, you should agree to pay your rent in monthly installments. Your money earns interest in a bank account; paying your rent monthly keeps your landlord interested in you. Those are two good reasons for paying rent monthly.

Damage or Security Deposits

The landlord may require a damage or security deposit when the lease is signed, which must be no more than one month's rent. In addition to the security deposit, the landlord may require the first and last month's rent. The security deposit may not be used for rent unless the landlord agrees. Any other fees the landlord tries to charge you may be illegal. Seek legal advice if you are in doubt. One year after the security deposit is paid, the landlord must give the tenant interest on the money. In the case of the tenant leaving before one full year, the landlord owes no interest. You may have to remind your landlord that you have interest due you and deduct it from your rent if necessary. It is important to obtain a receipt listing the amount paid, its purpose, and the date.

Before you move into the apartment, it is advisable to go through the apartment with the landlord and make a list of all the damages which both parties should sign. Keep a copy for yourself. If it is not possible to make a list with the landlord present, you have 15 days from the day the security deposit was paid to make a list, sign it, and give it to your landlord. The landlord may have his own list. No matter what the list, make sure you keep a copy signed by the landlord.

After you move out, the landlord has 30 days to return the security deposit. If he claims that you damaged the apartment and intends to use the security deposit to make repairs, he must give you a written list of the damages and the cost to repair them along with the remaining money from your deposit within 30 days. The list must not include any of the damages that were on the list made when you first moved in. A landlord who loses the list of damages that was made when the tenant moved in must return the full security deposit even if the tenant still has his copy. Also, you cannot be charged for reasonable wear or tear to the apartment, such as dirt on the walls or carpets. Failure of the landlord to return the deposit or an itemized list of damages within 30 days gives the tenant the right to sue the landlord in small claims court.

Repairs In Your Apartment

If your apartment is in need of repair, there are several ways to encourage the landlord to make them. First, make sure the landlord knows what the problems are. Send a dated letter listing the repairs needed, retaining a copy of the letter for your records. Allow a reasonable time for him to respond, as determined by the conditions in disrepair.

If the landlord ignores your request, call the Health Department and ask for an inspection. Have a list of needed repairs in hand when the inspector arrives. A list of State requirements that must be met by the landlord is available in the S.G.A. office.

The inspector will send a list of violations to the landlord and give him a period of time, which can be 24 hours to 30 days, depending on the violation, in which to make the repairs. If the landlord does not make the repairs in the time specified, he can be prosecuted.

There are a few more assertive ways to have repairs made. If an appliance that comes with the apartment is not working, and the landlord has been notified, but seems to be taking his time about fixing it, the tenant has a legal right to negotiate a rent deduction with the landlord. This is an instance when having a good working relationship with your landlord can be very valuable.

Another way to get your landlord moving is to withhold rent until the repairs needed are made. There are certain rules you must follow to legally withhold rent. The first step in rent withholding is to get legal advice because you can be evicted if you don't follow the legal procedure correctly. Before you can start withholding rent you must be paid up in your rent. You must have an inspection by the Health Department and the inspector must find and report a violation, not caused by you, which may endanger or materially impair the health or safety of the occupants. The violation must be repairable without your evacuating the apartment. The next step is to notify your landlord, by certified mail, that you have a report of the dangerous or unhealthy conditions, and state that you will withhold the rent until they are fixed.

One other method to have repairs made is called "Repair and Deduct". There is a legal procedure that must be followed so once again legal advice should be sought before acting on this. First, a health inspector must examine the apartment and find a violation which is endangering or materially impairing the notice of the violation to the landlord. Your landlord usually has 5 days to begin or contract for the repairs and must complete them within 2 weeks. If he doesn't comply, you may have them completed and deduct the cost from the rent. However, you may not spend more than 4 months' rent each year to make repairs. *Again, seek legal advice when taking action!*

Eviction

In order to evict the tenant, the landlord must follow a legal procedure. He cannot lock you out or physically throw you out. It is illegal for him to get you out without first notifying you and then getting a court order.

The notice the landlord sends you telling you to leave is called "notice to quit". This is not a court document and it is illegal for your landlord to make it look as if it is. The notice usually says that you should "quit the premises" within a certain number of days, and the reason for the eviction.

If you have a lease, the only two reasons that your landlord can use to evict you are non-payment of rent or violating one of the provisions of the lease. For non-payment of rent, your landlord must give a 14-day written notice but if you pay the total amount of rent due within ten days of receiving this notice he cannot process with the eviction.

Tenants without leases can be evicted for any reason, or no reason, but still must receive the proper notice. Once the notice is delivered, the tenant need not leave immediately. A summons must be served after the expiration of the written notice. The summons must be answered within seven days. Therefore, legal advice should be obtained as soon as possible. You must go to court, as the summons directs, with a list of defenses to the eviction. For example, you've paid your rent and have receipts to prove it, you are legally withholding your rent, or your landlord didn't follow the eviction procedures correctly.

Even if the defense is valid, the judge may not rule in your favor. If the verdict favors the landlord an "ex-

ecution" will be issued which will order your eviction on a certain date. However, the judge may issue a stay of execution enabling you to remain up to six months.

You cannot be evicted within six months of charging your landlord with violating a health ordinance because the court assumes the landlord is just acting vengefully.

Rooming Houses

If you live in a rooming house your rights depend on how long you have lived there: less than 30 days, 30 days to 3 months, or 3 months or longer.

If you have lived in a boarding house for less than 30 days, you have few rights. Your landlord can tell you to move out at any time, but he must go to court to force you out. Your landlord may not lock you out or physically throw you out of your room.

If you have lived in your boarding house for more than 30 consecutive days but less than 3 consecutive months, you don't have to move out unless your landlord tells you in writing at least seven days before the day he wants you to move. During those seven days, your landlord may not lock you out or throw you out of your room.

After the seven days are up, your landlord must go to court and get a court ordered eviction notice to force you to move.

If you have lived in your rooming house for more than three consecutive months, you have the same rights as a *tenant at will* who lives in an apartment. Your landlord must go through the same process described previously before you can be evicted.
